Members of the Wisconsin Natural Resources Board, Members of the Wisconsin State Legislature, Governor Walker
c/o Union Grove Rails to Trails
c/o Village of Union Grove
925 15th Ave.
Union Grove, WI 53182

To Whom It May Concern:

I am writing to express my support for the purchase of the rights to the Kansasville to Sturtevant extension of the White River State Trail. This region of central Racine County in Southeast Wisconsin needs to be the next priority for a State supported trail. This proposed trail will provide tourists and state residents a safe alternative transportation network serving as a resource for leisure and exercise, as well as a resource for commuters and consumers traveling to varied destinations.

The addition of this trail section will join western Racine County to eastern Racine County and will be part of a larger trail network connecting existing local and State trails. This would be a valuable investment in Wisconsin's eco-tourism, economic development, bicycle and pedestrian safety, health and wellness, and sustainability.

Sincerely,
